

# Certificate in Photography

Dundee and Angus College

## Venues

Gardyne Campus

## Content

If you are a keen photographer, looking to gain professional skills and knowledge, this is the perfect course for you. It focuses on building your technical, studio and location-based photography skills. You will have access to our specialist photography studios allowing you to develop your creativity in lighting and studio equipment. Our practical and hands-on projects include on-location and studio-based work which underpin key areas of commercial photography. There are dedicated editing suites and industry-standard software so you will learn how to edit and produce your work digitally to help you prepare and develop a professional photographic portfolio.
