English (Combined)

University of St Andrews

Content

Literature expresses the values and aspirations, the certainties and uncertainties of the societies in which it was created. To study English at university is to take up these questions in a rigorous and systematic way, relating them to a literary culture of exceptional richness and diversity, extending over a thousand years and more.

In the School of English at St Andrews, eminent scholars and critics of literature from the Middle Ages to the present day work alongside some of Scotland's leading creative writers. As part of your English degree, you can study English, Scottish, Irish and American literature, as well as modules in prose, verse, drama and even film.
