

Statistics (Arts)

University of St Andrews

Content

The primary focus of Mathematics at St Andrews is understanding patterns and structure, and developing the tools with which to analyse them. Students of mathematics are able to describe, categorise and understand processes involved in physical or biological phenomena, as well as the structure of mathematics itself.

The study of Mathematics at St Andrews allows students to specialise in either pure or applied mathematics, from abstract theory to a range of applications in physics, computer science, biology and finance.

Start Date
September
Qualification
Degree
Study Method
Full time
Award Title
MA Hons
UCAS Code
G302
Course Length
4 years
Faculty
Faculty of Science
Department
