Architectural Technology with Digital Construction

City of Glasgow College

Venues

City Campus

Content

This course will bridge the skills gap between digital and technical knowledge which the industry is crying out for.

The planned holistic nature of delivery will help the course adapt with industry to reflect emerging best practice and focus on core skill development.

In addition to meeting industry demand, the course will develop students' self-management, social intelligence and innovation skills as well as developing critical industry and subject-specific technical/digital skills.

Start Date

September

Qualification

HND

Study Method

Full time

Course Length

2 years

Department

Architecture

Entry Requirements

2 relevant Highers, or NQ Built Environment (Level 6), or other relevant national qualifications at SCQF Level 6. Interview.

It may also be possible to gain entry with an HNC in Architectural Technology or HNC in Computer Aided Architectural Design and Technology. This will depend on the units that have been covered in the HNC.
