Content

This advanced course will give you the chance to undertake diverse photography projects using industry-standard equipment and technology.

You will be able to make decisions as you progress about how you will apply these skills for industry, whether this is in a commercial or creative arts vocation.

You'll also gain a true insight into the photography industry with visits to professional studios in London and Europe's largest photographic fair in Paris.

Subjects Include:

Portraiture and social photography; Studio still life; Dark room; Applied scientific photography; Documentary and corporate; Fashion; Journalism; Personal projects; Context of photography; Creative industries and Exhibition and presentation.
