

Art and Design: Interior Design (Level 6)

City of Glasgow College

Venues

City Campus

Content

This course offers you an ideal first step into the Interior Design Industry, providing you with the theoretical and practical knowledge and skills required to begin your career journey.

You'll learn the knowledge and skills necessary to work on projects - from initial conceptual ideas to a fully functional interior design scheme you could present to a commercial client.

You'll study:

Freehand sketching and rendering in a variety of media; Production of technical drawings using both traditional ink drawings; The latest industry standard AutoCAD software; Production of fully rendered, perspective visuals; Production of sketch and finished scale 3D models; Presentation techniques to sell your designs to clients; The foundation of professional practices, including time management, organisational skills and problem-solving.
