City Campus

Content

This course is industry recognised by ScreenSkills, the industry-led skills body for the UK's screen-based industries, and carries the ScreenSkills Select quality-mark which indicates courses best suited to prepare students for a career in the screen industries.

This course develops the skills you need for television production. The course will focus on the creative and practical skills required in single camera production, while supporting practical experience of camera, sound, lighting, directing, editing and production management.

This creative, learner-focused course is delivered by highly professional teaching staff, with significant development and production experience and a proven track record of bringing out the best in their students.

You'll take part in a series of projects which will test your creative and technical skills and will also allow you to develop valuable skills in problem solving, communication and contributing to teams.
