Communication Design (2nd year entry)

Robert Gordon University

Content

This course will equip you with an extensive understanding of the Communication Design disciplines and provide you with an opportunity to focus your study towards a chosen specialism.
Students will develop the creative, critical and technical skills necessary to pursue a career within the ever evolving communication design professions across a wide range of industry sectors.

The curriculum is focused on developing ideas and problem-solving skills via a process of self-directed study, research, experimentation, creativity, innovation and enterprise.

Subjects within the programme of study include Graphics, Illustration, Photography, as well as 3D Visualization, Animation, Videography, and Interactive & Web Design.

Industry-led projects, European exchanges, national design competitions, work placements and internships are all integral to the curriculum.
