

Product Design and Innovation

University of Strathclyde

Content

Creative, analytical and practical skills all contribute to the design and development of ideas into innovative products.

Year 1: engage with design studio and classes in Innovation and Entrepreneurship, Technology and Production Management.

Year 2: further your design studio learning and take classes in Technology Manufacturing and Design Prototyping.

Year 3: advance your skills in creative, conceptual and user-centred design and experience new design methods, technologies and portfolio preparation; opportunity to spend a semester or year studying abroad in locations such as Australia, USA, Scandinavia and Singapore; pursue a summer industrial placement.

Year 4: develop your own new product and business strategy through an individual design project and the team-based design project with industry, and advance your technology and innovation skills.

Start Date

October

Qualification

Degree

Study Method

Full time

Award Title

BSc Hons
