

Electrical and Mechanical Engineering with International Study

University of Strathclyde

Content

Year 1:

Maths, electronics, electrical engineering, mechanics, and engineering modelling; practical labs and project work introduce design and build activities.

Year 2:

You learn about electromagnetism, digital electronics, and mechanics to develop core engineering skills.

Year 3:

Specialist topics include instrumentation and microcontrollers, dynamics, and integrated design of mechanical systems.

Year 4:

Individual design project in your chosen specialism and technical subjects including systems engineering, communications networks, and flight and spacecraft. Year abroad for those on the MEng International Study stream

Year 5 (MEng only):

Group design project to build a prototype system to showcase at the end-of-year industry exhibition; choice of advanced topics including machinery diagnosis, aerodynamic performance and control techniques.

Start Date

October

Qualification

Degree

Study Method

Full time

Award Title

MEng

UCAS Code

H3H6

Course Length

5 years

Faculty

Faculty of Engineering

Department

Electronic and Electrical Engineering

Entry Requirements

2021 entry requirements

Standard entry:

5 Highers at AAAAB including Maths at A and Engineering Science or Physics plus English at National 5. Higher English preferred.

Widening Access entry:

4 Highers at AAAB including Maths and Engineering Science or Physics plus English at National 5. Higher English preferred.

SCQF Level

11

Address

16 Richmond Street
Glasgow
Glasgow City
G1 1XQ
