

Electronic and Electrical Engineering with Business Studies

University of Strathclyde

Content

Year 1: electronics, electrical engineering, analogue and digital circuits, maths and computing; business management classes integrated each year for those on the Business Studies stream; practical labs and project work introduce design and build activities.

Year 2: topics such as digital electronics, electromagnetism, and engineering design and manufacture develop core engineering skills.

Year 3: specialist subjects in signals and communications systems, engineering innovation, and digital technology design.

Year 4: individual design project in your chosen specialism and selection of classes including multimedia systems, power electronics and robotics.

Year 5 (MEng only): group design project to build a prototype system to showcase at the end-of-year industry exhibition; choice of advanced topics including renewable energy technologies, digital communications and embedded systems.

Start Date

October

Qualification

Degree

Study Method

Full time

Award Title

MEng

UCAS Code

H6N1

Course Length

5 years

Faculty

Faculty of Engineering

Department

Electronic and Electrical Engineering

Entry Requirements

2022 entry requirements

Standard entry:

5 Highers at AAAAB including Maths at A and Engineering Science or Physics plus English at National 5. Higher English preferred.

Widening Access entry:

4 Highers at AAAB including Maths and Engineering Science or Physics plus English at National 5. Higher English preferred.

SCQF Level

11

Address

16 Richmond Street
Glasgow
Glasgow City
G1 1XQ
