

Occupational Therapy

Robert Gordon University

Content

Studying Occupational Therapy at RGU will provide you with the skills to make a difference, working with people to overcome challenges in their lives. Working in a range of ways with individuals, groups and communities, you will use your specialist Occupational Therapy Skills to enable people to overcome challenges to participate more fully in life.

This course has been developed in response to employer needs and key current policy and social directives. It will develop you into an Occupational Therapist who is; professional, resilient, creative, practical and dedicated to implementing contextually relevant occupational therapy services which promote and enhance health, wellness and quality of life for individuals and populations.
