

Nursing (Adult and Children and Young People) (Dual Registration)

Robert Gordon University

Content

The BSc Hons dual registration programme has been designed to meet local demand for nurses to be registered in two fields of practice. This is an exciting opportunity for future nurses to provide person-centred care in any combination of Adult, Children and Young People, or Mental Health Nursing.

Nurses have a key role in partnership working, caring and supporting individuals, families and communities to promote health, prevent ill-health, and enable people to improve their mental and physical wellbeing. Our links with hospitals, community, and service users ensure our course is evidence-based and meets the needs of providers and users of health and social care services. The students will be dual registered by the end of 4 years of study.
