# Psychology (Combined)

University of Strathclyde

## Content

Psychology at Strathclyde offers a vibrant learning environment to explore human behaviour – how we think, learn, remember, act and engage with others.

You will work with a dynamic of specialists to explore our understanding of the mind. We offer high-quality facilities and a fun, engaging programme to study the conditions of human behaviour reasons for differences between individuals, such as personality or intelligence.

Year 1:
Basic principles of learning such as thinking, memory, personality and social influences on behaviour.

Year 2:
Classes provide a greater understanding of human development and interaction, cognitive processes, individual differences and biological influences on behaviour.

Year 3:
The single Honours pathway covers the six core domains required by the British Psychological Society for accreditation; joint Honours students have the opportunity to study abroad in Europe or North America for a semester.

Year 4:
Research-based Honours dissertation with a prize for the best dissertation; choice of around 14 topics including: Artificial Intelligence, Health Psychology, Belief and Anomalous Experience,
Neuropsychology of Ageing and Dementia; summer international research placement or a home-based term-time professional employment placement.
