

## Psychology

University of Strathclyde

### Content

Year 1:

Basic principles of learning such as thinking, memory, personality and social influences on behaviour.

Year 2:

Classes provide a greater understanding of human development and interaction, cognitive processes, individual differences and biological influences on behaviour.

Year 3:

The single Honours pathway covers the six core domains required by the British Psychological Society for accreditation; joint Honours students have the opportunity to study abroad in Europe or North America for a semester.

Year 4:

Research-based Honours dissertation with a prize for the best dissertation; choice of around 14 topics including: Artificial Intelligence, Health Psychology, Belief and Anomalous Experience, Neuropsychology of Ageing and Dementia; summer international research placement or a home-based term-time professional employment placement.
