Statistics (Science) (Combined)

University of St Andrews

Content

The BSc (Hons) in Statistics allows you to specialise in the branch of mathematics that focuses on collecting, analysing and presenting large quantities of numerical data. There are many practical applications for statistics, including fields such as science and medicine, government, business and education.

Statistics students will acquire the analytical techniques, clear logical thinking and deductive reasoning necessary to explore some of these fascinating areas of research.

Start Date

September

Qualification

Degree

Study Method

Full time

Award Title

BSc Hons
