

## Economics (Science) (Combined)

University of St Andrews

### Content

The BSc (Hons) in Economics provides a structured, cumulative and rigorous foundation in economic concepts, principles, analysis, techniques and knowledge. During your studies, you will develop your analytical and decision-making abilities through training in quantitative and model-based methods of analysis.

Students studying economics at St Andrews have the opportunity to focus on macroeconomics, choice theory, behaviour economics, game theory, international economics and development, competition and innovation, and climate change.
