

Chemistry with French

University of St Andrews

Content

Everything around us involves chemistry, from the food that we eat to the air that we breathe. Chemistry is a vibrant and exciting central science that interfaces with biology, physics, mathematics, medicine and geology, and St Andrews offers appropriate modules highlighting the importance of these interfaces.

At St Andrews, students are able to build their fundamental training in chemistry into specialised areas including medicinal chemistry, materials, molecular biology, nanotechnology, catalysis and surface science. Chemists are highly valued as researchers, developers and managers in manufacturing industries including fuels and pharmaceuticals.

By studying French at St Andrews, you will be given direct access to French and francophone culture, history and values, and all the debate, contradictions and extraordinary creativity that characterise contemporary France and the French-speaking world. You will be offered a broad view of French and francophone literature, civilisation and culture, and will be able to shape your degree according to your specific interests.

French courses use communicative, integrated methods, allowing you to develop a high level of competency in language skills, alongside cultural awareness and other crucial transferable skills.

Start Date

September

Qualification

Degree

Study Method

Full time

Award Title

MChem

UCAS Code

F1RD

Course Length

5 years

Faculty

Faculty of Science

Department

Chemistry

Entry Requirements

2026 entry requirements

Standard entry:

5 Highers at AAAAB including Chemistry and French at A and one from Maths, Biology (or Human Biology), Computing Science, Economics, Geography or Physics at A plus English at National 5 at B.

Widening access entry:

4 Highers at AAAB including Chemistry and French at A and one from Maths, Biology (or Human Biology), Computing Science, Economics, Geography or Physics at A plus English at National 5 at B. (You may gain entry to the Gateway programme with 4 Highers at BBBB).

SCQF Level

11
