

## Sustainable Aquaculture (invertebrates or Vertebrates) (PgCert)

University of St Andrews

### Content

Aquaculture is one of the world's fastest growing industries, with an average growth rate of over 8% per year for the past 10 years. More than half of all the aquatic food species consumed are now produced from aquaculture and it is estimated that a further 40 million tonnes of aquatic food will be required by 2030 to supply the continuing increase in demand.

### Start Date

January

### Qualification

Postgraduate Certificate

### Study Method

Distance and Flexible learning

### Course Length

1 year

### Faculty

Faculty of Science

### Department

Biology

### Entry Requirements

A 2.1 undergraduate Honours degree in a relevant biological science.

### SCQF Level

11

### Address

College Gate  
St Andrews  
Fife  
KY16 9AJ
