Accountancy

Glasgow Caledonian University

Content

This course is accredited by the main UK professional accountancy bodies (ICAS, ICAEW, ACCA, CIMA and CIPFA), with the focus on practical content and your future employability. Along with all aspects of accountancy, you'll study topics in economics, law and management.

This programme will encourage you to develop a broad, comparative understanding of the practices of accounting and develop an ability to evaluate theories and evidence concerning the effects of accounting on organisations and society. You'll benefit from using practical accounting packages, our small class sizes and excellent access to staff, as well as a series of guest speakers to enhance your learning.

Year 1: Accounting and supporting business subjects

Year 2: Ethics, Taxation, Management and Accounting Control, Financial Accounting Regulation

Year 3: Auditing, Current Issues, Public Finance, Strategy, Research

Year 4: Includes specialist subjects, advanced Accounting and Finance topics, options from a wider subject range plus Honours Dissertation in your chosen area.

Start Date

September
