

Golf Course Management

Scotland's Rural College (SRUC)

Venues

Elmwood Campus

Content

Throughout the course you will develop the competencies required by a Golf Course Manager and a sound knowledge of greenkeeping practice. The course also includes a knowledge of human and financial resource management.

Students will develop a sound base of managerial skills relevant to the management of golf facilities. The course also provides specialist knowledge relevant to the biological management of a golf course such as soil science and plant protection.

Content includes: Understanding Golf Tourism; Managing Structures and Non-Turf Areas on a Golf Course; Project Management; Managing Turf Playing Performance and Human Resource Management.
