

## Sport and Fitness

Open University in Scotland

### Content

This diploma will help put you on track for a career in fitness training, sports coaching or similar roles. It will develop work-related and academic skills to enhance your performance; and explore the key principles of sports science, psychology, training, coaching and leadership. You'll apply your learning to practice, focusing on meeting participants' physical and psychological needs. By the end of the course, you'll be a more effective, reflective practitioner and you'll be well on the way to a degree.

### Start Date

October

### Qualification

DipHE

### Study Method

Online learning

### Course Length

Flexible

### Faculty

General

### Department

Health and Wellbeing

### Entry Requirements

There are no formal entry requirements to study this qualification. You do not need experience of working in the sector prior to starting the diploma. But you'll find the modules and the assignments much easier and more fulfilling if you can draw on employment experience (paid or unpaid) in the sector during your study.

Computer and internet access required.
