Cardonald Campus

Content

HNC Healthcare Practice puts you at the heart of the care sector, teaching you the essential skills and theory you need for employment in the NHS, private healthcare or social services. During the course you'll do a clinical placement within the NHS Acute sector at Greater Glasgow and Clyde Health Board. You can also use it to pursue a career at Senior Healthcare Support Worker Level or to progress to first or second year of nursing degrees at some Scottish universities.

The units you will cover on this course are:

Safe working practice for care; Therapeutic relationships; understanding behaviour; Sociology and health in Scotland; Professional standards for care practice; The human body in health and illness; Clinical skills for care practitioners; Understanding personal and professional development; Exploring mental health; Graded unit.

Start Date

August
