

Healthcare (Level 5)

Glasgow Clyde College

Venues

Anniesland Campus
Cardonald Campus

Content

This course provides you with the underpinning knowledge to understand the standards and approaches that support care practice. You will also be introduced to basic caring skills in the clinical skills lab and have guest speakers from both health and social services. These elements will enable you to move on to further studies as well as giving you a qualification suitable for support jobs within the health and social services sector.

Units may include:

Prevention of infection; First Aid; Care: Human development and behaviour; Safety in a care environment; Care: Social influences; Care: Value and principles; Physiology of the cardiovascular system; Communication; Healthy eating in care settings; Mental health.

Start Date

August

Qualification

NQ

Study Method

Full time

Course Length

1 year

Department

Health Care
