Horticulture (Plant Science and Technology)

Scotland`s Rural College (SRUC)

Venues

Edinburgh Campus

Content

Whether you dream of pioneering horticultural innovations, curating a botanical garden, or conducting groundbreaking research, our comprehensive curriculum prepares you for success in diverse fields of horticulture. With hands-on experiences, state-of-the-art facilities, and a focus on sustainability, this programme cultivates not only plants but also future leaders in the horticulture sector.

Throughout this programme, you will engage in hands-on learning experiences and field trips, as well as practical projects to reinforce theoretical learning. Championing competency-based learning, the curriculum is designed to equip you with the skills, knowledge, and professional behaviours required for a successful career in this thriving sector. Join us in nurturing the growth of a greener, more sustainable world with our BSc (Hons) in Horticulture degree.

Start Date

September

Qualification

Degree
