

Horse Care - Equine Management (Level 6)

Borders College

Venues

Scottish Borders Campus

Content

This full-time course is designed to equip students with the skills and competence to assume responsibility for others and manage a small yard.

The course covers the following topics: Health Care and Treatment, Planning Diets and Implementing Feeding Regimes, Tacking up for Specialist Work, Clipping and Turnout, Transporting Horses, Working with Others, Health and Safety, and Managing Own Performance. Four optional units must also be completed from one of the following subjects areas: Exercising, Schooling, Trekking or Competition. Core Skills for working in the land-based industry, including Communications and Numeracy, may be a timetabled part of this course.
