Vehicle Body Repair (Level 5)

New College Lanarkshire

Venues

Motherwell Campus

Content

This qualification covers the technical needs for today's accident repair industry, including: basic body repair techniques and procedures.

It provides essential knowledge for the body repairer working on a wide range of vehicles in all types of garages, dealerships and specialist body repair shops.

The qualification is recognised by the Sector Skills Council as a VRQ/Technical Certificate and can be used as knowledge evidence in a related Modern Apprenticeship programme.

This programme involves studying both the underpinning knowledge and practical aspects of:

Removing and Fitting Non-Welded Non-Structural Body Panels; Removing and Replacing Non-Structural Body Panels; Repairing Non-Structural Body Panels.
