

## Computer Science

Heriot-Watt University

### Venues

Edinburgh Campus

### Content

The BSc Computer Science degree focuses on constructing robust and usable systems. As well as looking at cutting edge tools and techniques, it's designed to help you build the next generation of software tools that other system constructors will use. The course aims to give a well integrated balance of theoretical underpinnings and practical experience, strongly informed by the research expertise of our academic staff.

All year 3 students take part in a year-long group project, where they co-operate in tackling a large, realistic problem. Year 4 students conduct a major, year-long, individual dissertation project.

You can take advantage of the international campuses by taking part in an Inter-Campus Transfer. This gives you the opportunity to study computer science at our Dubai campus for a semester or a year.

### Start Date

September

### Qualification

Degree

### Study Method

Full time

### Award Title

BSc Hons

### UCAS Code

G400

### Course Length

4 years

### Faculty

School of Mathematical and Computer Sciences

## Department

Computer Science

## Entry Requirements

2023 entry requirements

Standard entry: 4 Highers at ABBB including Maths plus English at National 5.

Widening access entry: 4 Highers at BBBC including Maths at B plus English at National 5.

For entry to year 2 you would require 3 Advanced Highers at BBB including Maths and Computing Science plus Highers at ABBB. You are expected to be proficient in a programming language, with Java preferred.

## SCQF Level

10
