

Acting and Performance (2nd year entry)

Dundee and Angus College

Venues

Gardyne Campus

Content

This highly practical course aims to further develop professional skills in acting, performance and theatre-making.

Units include: Acting; Acting for Camera; Voice; Movement; Audition Technique and Professional Development for Actors. With our 'Specialisms' pathway, learners have the option to develop their own areas of interest and can choose: Community Drama; Directing; Devising; Script Writing and Leading a Workshop units.

You will have the opportunity to perform two text-based productions, with technical support, for 3 nights each at The Space, our own purpose built Theatre. Additional opportunities include: workshops with theatre specialists, theatre trips and collaborative projects across art forms.
