Content

Learn how to take portraits or landscapes, get creative with food photography and have fun with fast or slow moving objects, sports or waterfalls!

Learn how to paint with light and gain new skills with Adobe Photoshop. Let us help you tell a story through photographs!

This course offers the chance to learn the basic skills needed for photography. You will use and be instructed in the use of industry-standard equipment and be given advice on Portfolio Preparation.

We'll provide the equipment you bring the enthusiasm to learn.

You will cover units such as:

Camera techniques; Portraiture; Basic Studio Photography; Digital Imaging and others.

A Digital DSLR will be provided when required for the duration of the course.
