

## National 4/5 Construction (SCQF Levels 4 and 5) (Course Code: N/A)

SCQF Level 4/5 (24 Credit Points)

### Why study Construction (SCQF Levels 4 and 5)?

You will learn about different aspects of the construction industry, such as:

- built environment
- 3D modelling
- carpentry and bench joinery
- painting and decorating.

You will use the skills and knowledge you develop to complete the work-based challenge unit as well as work closely with an employer.

### What do I need to get in?

These vary depending on which year you are in when you start the Foundation Apprenticeship. It could range from no formal entry requirements to some subjects at National 3 or 4. Check with your school for details.

### What will I study?

The Foundation Apprenticeship (FA) in Construction is for pupils staying on at school. You can choose this FA as one of your subjects in S3 - S6.

### How will I be assessed?

National Progression Award in Construction Skills (SCQF Level 4 or 5).

### Study Materials

### What can I go on to next?

- A related Modern Apprenticeship - see options [here](#)
- A related further education course at college
- Straight into an entry level job.

Further study, training or employment in:

- Building Technology and Management
- Civil and Structural Engineering
- Construction
- Construction Crafts
