

National 3 Fashion and Textile Technology (Course Code: C728 73)

SCQF Level 3 (18 Credit Points)

Why study Fashion and Textile Technology?

Studying Fashion and Textile Technology lets you develop an understanding of textile properties, characteristics and technologies, item development, fashion/textile trends and factors that affect fashion choice. The course particularly emphasises the development of practical skills and textile construction techniques to make detailed fashion/textile items, to an appropriate standard of quality.

Career Pathways

What do I need to get in?

The school or college will decide on entry requirements for the course. You would normally have achieved one of the following:

- **National 2 Creative Arts**
- **National 2 Practical Craft Skills**
- **National 2 Food, Health and Wellbeing**

What will I study?

On this course you will develop practical skills and textile construction techniques to produce basic fashion/textile items to an appropriate standard of quality. You will also learn about the properties, characteristics and technologies of textiles, item development, fashion/textile trends and factors that affect fashion choice.

You will also develop important skills, attitudes and attributes related to fashion and textiles that are transferable to other contexts, including problem-solving skills and communication skills. It may also contribute towards the development of your numeracy skills through the measurement of textiles and timing of production.

The course has **three** compulsory units.

Fashion and Textile Technology: Textile Technologies (6 SCQF credit points)

In this unit you will:

- develop basic knowledge and skills related to textile technologies. This includes an awareness of the characteristics and properties of a range of textiles and their uses
- make basic fashion/textile items, to an appropriate standard of quality, using a pattern and a range of textile construction techniques
- learn to use equipment and tools safely.

Fashion and Textile Technology: Fashion/Textile Item Development (6 SCQF credit points)

In this unit you will:

- explore fashion/textile trends and the fashion/textile item development process work, with support, to given briefs to identify solutions for basic fashion/textile items based on those trends
- follow given work sequences to make basic fashion/textile items, to an appropriate standard of quality, which takes into account fashion/textile trends
- learn to select and use equipment and tools safely.

Fashion and Textile Technology: Fashion and Textile Choices (6 SCQF credit points)

In this unit you will:

- develop basic knowledge and skills related to textile technologies. This includes an awareness of the characteristics and properties of a range of textiles and their uses
- make basic fashion/textile items, to an appropriate standard of quality, using a pattern and a range of textile construction techniques
- learn to select and use equipment and tools safely.

How will I be assessed?

Your work will be assessed by your teacher or tutor on an ongoing basis throughout the course. Items of work might include:

- practical work - produce basic fashion or textile items
- written work - designing
- projects
- class-based exams.

Study Materials

What can I go on to next?

If you complete the course successfully, it may lead to:

- **National 4 Fashion and Textile Technology**

Further study, training or employment in:

- Art and Design
- Clothing and Textiles
- Fashion or Textile Design
